REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The prior art of record does not disclose a fluid exchanging apparatus for servicing a vehicular subsystem having a fluid reservoir with a used fluid, an inlet port, an outlet port, and a pump for circulating fluid therebetween, the apparatus comprising a manifold body defining a first manifold port for coupling to the inlet port, a second manifold port for coupling to the outlet port, a fresh fluid manifold port, a used fluid manifold port, the manifold body further including a pump cavity having a recessed wall defining a first pump port and a second pump port; a fluid transfer circuit defined within the manifold body placing each of the ports in communication with at least one other of the ports, a fluid flow rate control device interposed in the fluid transfer circuit and in communication with at least two of the ports, the fluid flow rate control device being selectively operable to direct a fluid between at least two of the ports; a fresh fluid source coupled to the fresh fluid manifold port; a pump body having a central drive slot and disposed at least partially within the pump cavity, the pump body being operable to, when driven, circulate a fluid through at least a portion of the fluid transfer circuit and between the first pump port and the second pump port; a pump motor with a drive shaft releasably engageable with the central drive slot and selectively operable to drive the pump body, and whereby, upon coupling the first manifold port to the inlet port and the second manifold port to the outlet port, the subsystem pump may be activated and the pump motor may be selectively operated to drive the pump body to direct at least one fluid through at

least a portion of the fluid transfer circuit as determined by a selective operation of the fluid flow rate control device, as claimed.

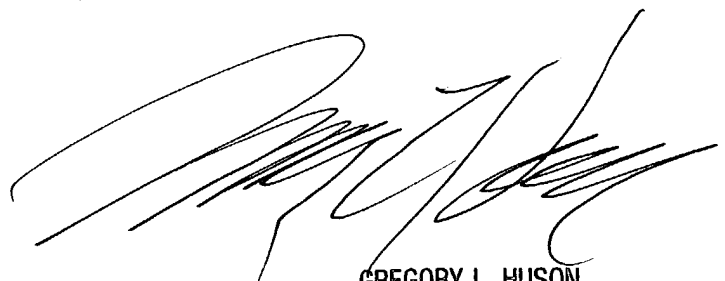

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
